Summary

Kayode is a Full Stack Developer with experience in translating designs into applications, fixing bugs, and improving application performance. He has worked with external data sources and APIs to enhance functionality of full stack applications.

Kayode freelances as a full stack developer and he has successfully completed projects and contributed to application enhancements working with companies like selar, union care consult and care network among others. With a strong focus on delivering high-quality code and a passion for continuous learning, Kayode is seeking opportunities to contribute his skills and expertise to innovative projects.

His experience and knowledge in working with external data sources, APIs, and translating designs into applications make him a valuable asset to any development team.

Work experience

Fullstack Developer   2018 - date.

Freelancing

- Successfully completed multiple freelance projects as a full stack developer, delivering high-quality results and contributing to application enhancements.
- Collaborated effectively with various companies to understand project requirements and deliver solutions that meet their needs.
- Utilized a wide range of technical skills and expertise to develop efficient and user-friendly applications.
- Participated in the full software development lifecycle, including requirements gathering, design, development, testing, and deployment.
- Demonstrated strong problem-solving skills and the ability to troubleshoot and resolve technical issues.
- Maintained effective communication with clients to ensure project success and client satisfaction.
- Continuously updated knowledge and skills in the latest technologies and industry best practices.
- Consistently delivered error-free code and maintained a high standard of workmanship.

Fullstack Developer   2022 - date

Naxatech

- Translated design specifications into fully functional applications, utilizing a full-stack development approach to deliver high-quality solutions.
- Identified and resolved bugs, significantly improving application performance and stability.
- Integrated external data sources and APIs, expanding the functionality and versatility of the applications.
- Collaborated effectively with cross-functional teams to gather requirements and ensure seamless delivery of solutions.
- Implemented best practices and coding standards, ensuring code quality and maintainability.
- Conducted thorough testing and debugging, guaranteeing the reliability and accuracy of the applications.
- Actively participated in code reviews, providing constructive feedback to team members and fostering a culture of continuous improvement.
- Maintained clear and concise documentation, facilitating ease of understanding and knowledge transfer within the team.

Fullstack Developer   2018 - 2021

Parkwella Technologies

- Translated design specifications into functional and visually appealing applications, ensuring seamless user experiences.
- Identified and resolved bugs, enhancing application stability and performance.
- Integrated external data sources and APIs, expanding application functionality and data accessibility.
- Collaborated effectively with cross-functional teams to ensure successful project delivery.
- Demonstrated strong problem-solving skills in troubleshooting and resolving technical issues.
- Actively participated in code reviews and implemented best practices to maintain code quality and readability.

- Stayed updated with industry trends and emerging technologies to continuously improve development processes.
- Maintained a high level of attention to detail and delivered error-free code to ensure the reliability of the final product.

Code Mentor   2017 - 2018
Andela Learning Community

- Mentored learners in the Google's Andela Learning Community (ALC 2.0, 3.0, and 4.0) for the Android developers track.
- Provided guidance and support to learners, helping them develop their coding skills and achieve their learning goals.
- Facilitated interactive and engaging learning sessions, promoting a collaborative and inclusive learning environment.
- Demonstrated expertise in Android development, sharing best practices and industry insights with learners.
- Assisted learners in troubleshooting coding challenges and provided constructive feedback to enhance their learning experience.
- Fostered a positive and supportive mentorship relationship with learners, encouraging their growth and development.
- Actively participated in community events and initiatives, contributing to the overall success of the Andela Learning Community.
- Maintained a high level of professionalism and commitment to excellence in all mentoring activities.

Stack

Html/css/javascript, Bootstrap, TailwindCSS, ReactJs, NextJs, NodeJs, MongoDb, MySQL, Figma
